Liberty Bay Foot & Ankle

Dear Patient

Dr. Sherris and staff at *Liberty bay Foot and Ankle* would like to welcome you to our practice. I'm honored to be your podiatrist, and I'm committed to providing you with the best care I can. My hope is that we form a partnership to assist you with your foot or ankle condition and help keep you as healthy as possible. I often hear patients say "*when your feet hurt, you hurt all over*" I will share my podiatric medical expertise with you, in hopes that you will feel as if you are part of our "patient family" and will work along with us to treat your particular condition. It is my genuine intent to help improve or maintain your quality of life. It gives us great pleasure to work with you on these goals

We want everyone who is part of our practice to feel comfortable with their care and satisfied with the information provided. It's my hope that we can have a relationship where the lines of communication are open and comfortable between doctor, patient and staff. I will listen to you at least as much as I talk. Let's work together to help you address your foot or ankle condition and live the satisfying life that you deserve.

I look forward to working with you as your podiatrist. If you have any unanswered questions following any of your office visits, please contact me whenever it is convenient for you.

Sincerely,

Kirk D. Sherris, DPM
